

Nicholas Battle

Designer

I am an engaging, confident and highly motivated individual with career aspirations in design and tech. I have successfully completed a bachelor's degree in architectural design and endeavour to integrate my design skills with my passion for emerging technologies and user research. I aim to use my skills and experience to help shape a more exciting digital future at the intersection of art and innovation.

Griffith University

02/2017 - 11/2019

Graduated with 5.25 GPA

CERTIFICATES

Google's UX Design Professional Certificate
(03/2024 - Present)

REFERENCES

Rachael Lam - Instructional Designer @ Binance

"I highly recommend Nick for roles in Product Design and UX/UI Design. Our collaboration on diverse design projects at Griffith University showcased his exceptional creativity and ingenuity, initiative, and meticulous execution of concepts. Nick's ability to seamlessly blend aesthetics with functionality would undoubtedly be a valuable asset to any design team - His genuine user-centric approach, coupled with his organisational finesse, truly distinguishes him."

Hamish Sterland - Design Manager @ Adaptit Group

"I had the privilege of overseeing Nick's work on architectural visualisation projects and I was consistently impressed by his unwavering attention to detail and commitment to crafting user-centric designs. His ability to refine designs to perfection, coupled with his creative problem-solving skills, truly set him apart. Nick's meticulous approach and dedication to delivering outstanding user experiences make him an exceptional candidate for a UX/UI role."
